"We Care About Your Community"

JBead Foundation, Inc. Important Milestone The Community Empowerment Fund (CEF)

Los Angeles, CA: April 21, 2016 – JBead Foundation, Inc. announces an important milestone in our movement to embrace diversity within communities we serve through numerous youth development programs and other need-based groups: [e.g., financial education, home ownership through neighborhood stability and revitalization, and workforce education], while creating multigenerational wealth to improve *economic prosperity* among various ethnic minority populations in Los Angeles and around the United States. The vision and mission was created by Founder & CEO, Dr. Jeffery Butler.

The Community Empowerment Fund (CEF) is a public-led-drive network of Sponsors, Donors, Community Partners, [Legal Shield Associates](#), Investors, Banks, Corporations, Financial Institutions, Businesses, Colleges & Universities, and various stakeholders that express interest to advance the mission and vision of the Foundation's Outreach Programs. The corporate partnership address future global trends and those concerns raised during annual events by our community constituents.

Strategic Plan to Raise Capital: The CEF [strategic plan](#) is *corporate team building* and collaboration through multi-level marketing equity assets to increase revenue streams that accumulate wealth while building a stable "culture of giving support" through our community outreach programs.

Goal for the CEF is: **(1) BUILD INTELLECTUAL-EQUITY** and **(2) MANAGE** a portfolio of over one (1) billion dollars in asset allocations (e.g. Cash, Real Estate Holdings, Stock Options, Bonds, etc.) to reinvest for grants writing research, employment opportunity, general operations, and various philanthropic ventures to support our community constituents.

Sustainability: The CEF future investments, corporate partnerships, and giving priorities are maximized by carefully measured "data driven decisions" to reduce risk while expanding growth opportunities within communities we serve. The vision for the CEF is to expand the Foundation's community outreach programs and services under one [endowment](#) so the impact is far greater and the brand reach serves more community citizens globally over a sustained period of time.

What Sets Us Apart: Our [Community Outreach Programs](#) – the Problems We Solve - Impact Areas and our [Why](#)

Housing and Low-income Communities
Veterans
Multicultural Society
