The Center for Health Services Research (CHSR) Fund invites the community to become a part of this momentous two-day workshop conference.

The inaugural two-day Conference theme is ***"Beyond Equal Care: How Health Systems Can Impact Ethnic Health Care Disparities."***

This is an opportunity to bring together our strong community to help create change in the delivery of health care services to ethnic minority communities who are impacted by: (1) ethnic health care inequity; (2) high rates of obesity; and (3) low rates of integrated health care. Together, we can begin to change Los Angeles and America into a health conscious society.

For more information about: Call for Papers and Abstracts, Sponsorships, Journal and Page Ads, Tables, Seats, Exhibitor Space, and Advertiser opportunities, please go to EVENTS @ <http://www.jbeadfoundation.org>.

We look forward to meeting all of you in Los Angeles, California, October Day/TBA, 2012.
